

INSTALLATION AND ASSEMBLY INSTRUCTIONS

XLCS / XLCM / XLCL Series

HSS HOUSE SIDE SHIELD

SMARTVISION®

WARNING: Failure to follow instructions could result in damage to product and void warranties!

WARNING: Risk of fire or electrical shock. Disconnect power before installing or servicing.

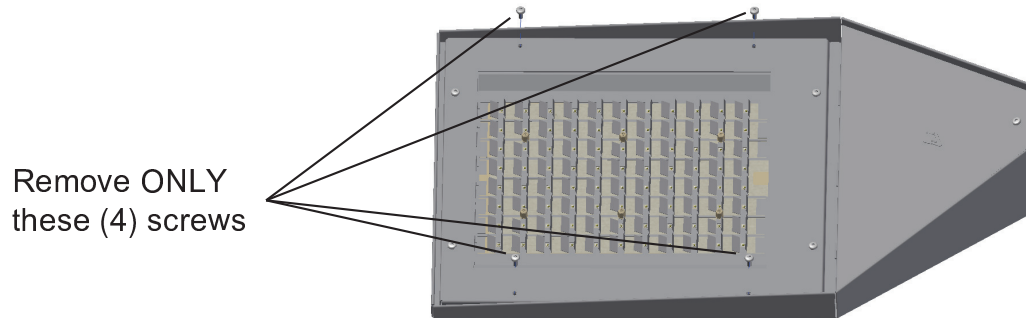

WARNING: Before proceeding, read all instructions carefully to ensure proper and safe installation.

IMPORTANT: This product must be installed in accordance with the applicable installation code by a person familiar with the construction and operation of the product and the hazards involved.

IMPORTANT: This HSS kit is **ONLY** for use on LSI Industries models XLCS, XLCM, or XLCL!

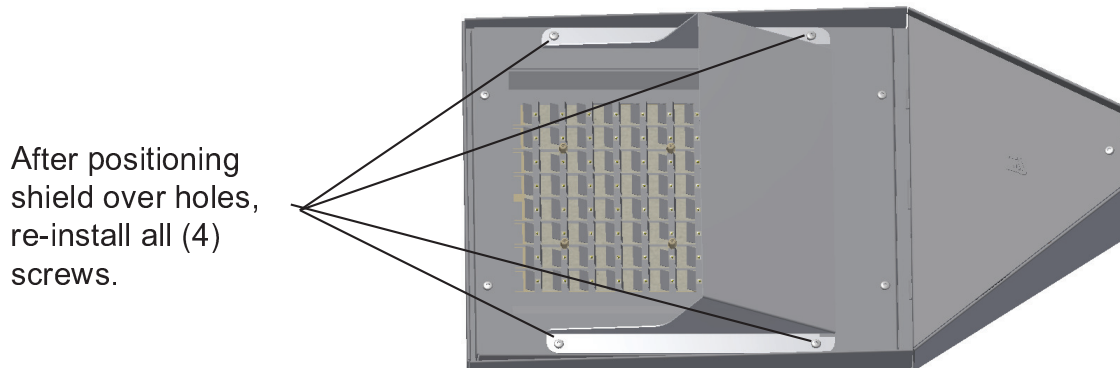

Tools required: Size T25 Torx screw driver.

1. With HSS in hand, hold HSS up to luminaire. Locate the side you want to omit light from shining to. Align holes in HSS to holes in luminaire. Using size T25 Torx screw driver, remove **ONLY** the (4) screws needed to install HSS, as shown below.

CAUTION! Do **NOT** remove all screws! Optic Unit will become loose and **VOID WARRANTY!**

2. Place shield on luminaire as shown below. Re-install all (4) screws and tighten evenly to 15 IN-LBS.

NOTE: HSS may be rotated from shown above, depending on model.
