The retrofit kits are designed to replace traditional fluorescent striplights. The retrofit kits deliver unparalleled performance and efficiency meeting stringent energy requirements. A factory installed optional bracket can be field adjusted to fit existing housings saving time and money on installation. Designed for the renovation market and well suited for retail, warehouse, and manufacturing and commercial/ industrial applications.

Product Features

- Available in 4' and 8' product configurations
- Optimized performance and efficiency up to 147 Lpw (SDLRK) and 159 Lpw (SRK)
- Expanded lumen packages ranging from 2000 to 16000
- 80CRI with choice of color temperatures 3000K, 3500K, 4000K and 5000K
- Standard universal voltage (120-277V) driver; 0-10V dimming to 1%
- Optional factory installed bracket can be field adjusted to fit existing housings

Unparalleled Performance and Maximum Efficiency

Contractor Preferred Features

Innovative bracket design can be field adjusted to fit existing housings. Saving time and money on installation.

Quick and Simple Installation

1 Remove Components from existing fixture

2 Adjust mounting brackets to existing housing

3 Make proper wiring connections

4 Attach new fixture to existing housing with provided screws

Broad Range of Renovation Solutions

Tailored to meet customer and market needs. Designed to deliver ideal illumination to an extensive range of environments warehouse, manufacturing, retail and commercial/industrial applications.
