

# EXPERIENCE MAKES THE DIFFERENCE

Enhance your pickleball court with high-performance lighting solutions from LSI, the official lighting partner of USA Pickleball!

- Illumination that meets official court specifications and USA Pickleball guidelines
- Ideal for new court construction and retrofit projects
- **Save energy.** Replace inefficient bulb technology with energy-efficient LED luminaires
- **Save money.** Say goodbye to light bulb expenses and hello to long-lasting LED illumination.
- Use our wireless lighting control system to easily program when your lights turn on, off and dim.
- Install highly rust-resistant light poles that can also be used for mounting speakers, USB ports, electrical sockets and cameras.
